£145,000**

- Established in 2008 by the current owners
- Genuine potential to expand the areas covered
- Excellent reputation within the industry for reliability and customer service
- Operating from serviced offices with flexible lease terms

Description

Well established and well-respected refrigerated courier, light haulage same day / next day delivery company based in Cambridgeshire although operating throughout the UK. The business was established by the current owners in 2008 and is only being offered for sale due to semi-retirement and more family time.

The majority of new business comes via word of mouth although the majority of the income generated comes from a loyal, existing customer base which has been built up over the years under the current ownership. Since being established the company has built a strong reputation for customer service and reliability. The success is also based on the knowledge of the industry and an excellent team of drivers and support staff.

The business is owned by two partners, both of which are very hands on during the week and on call at weekends to ensure the high standards set are maintained at all times. The business has a modern, well maintained fleet of vehicles up to 7.5t gvw which are based in Cambridgeshire, Lincolnshire and London and for larger loads the owners work with trusted local hauliers that have a range of vehicles up to articulated trucks.

In our opinion, this would be an ideal addition for any existing operator who are looking to grow their own business due to the reputation gained by the current operators.

Summary

A superb opportunity to acquire a well-established and well-respected courier and light haulage company which has been run under the same ownership since 2008 and has a strong reputation built on word of mouth, reputation, customer service and reliability.

This opportunity in our opinion would therefore make an ideal purchase for any existing operator wishing to grow their own business and to build upon the strong reputation gained over recent years or a hands-on owner who can maximise profits.

A meeting with our client is highly recommended to fully appreciate the overall business opportunity and genuine growth potential.

Tenure

We are advised that the property is held on flexible terms with a 3-month notice period. Rent is currently £480.00 per calendar month (correct as advised on 21/09/2021). Rent reviews are at yearly intervals.

Financial Information

Accounts to the year-end 05.04.2020 show an income of £165,124 with adjusted profits in the region of £30,000 for the same period. Accounts for the year end 2019 show similar figures.
